## Message from the President

March 5, 2025

Greetings from your GPA Nebraska Chapter Board!

My name is Kevin Mahler and I am a proud Grant Professional, GPA National Member, GPA Nebraska Chapter Member, and now (starting in January 2025) the President of the GPA Nebraska Chapter. I thank my predecessor, **Jane Howard**, Board President Emerita, for her past service and for helping me understand the chapter and board leadership.

In this two-year term, I look forward to helping this chapter function as a network of Nebraska Grant Professionals helping and supporting one another during this exciting time for grantwriting in the Cornhusker State—and Southwest Iowa.

Our Board is made up of 9 awesome Nebraska Grant Professionals — and me, lol — who are here to help foster community among those in our profession. Members are: myself (**Kevin Mahler**), **Ben Johnson**, **Noelle Thornburg Hoeft**, **Claudette Breaux**, **Michael P. Brown, Jr.**, **Jane Howard**, **Maya Mocarski**, **Andrea Stolpe**, **Kellen Summers**, and **Glenda Wood**. You can read more about them in the pages that follow — or on the [About page](#).

Like most of you, I serve nonprofits by helping organizations find, apply for, receive, and manage grants. I live in Omaha and I own/operate Contributed Line Fundraising Consultancy. I love this work, and I am proud to do it every day! Since 2021, I have served on the GPA Board of Directors. I have worked with my fellow Board Members to create a website, refine communications, and help the Chapter adjust to the fluid communication and event promotion realities of the 2020s.

### Vision for GPA Nebraska Chapter in 2025 and 2026

We can be doing more! ... But that does not mean we have to spend more time doing it. As your Board President, I aim to enhance your Chapter Membership's return on investment with more responsive and inclusive content and service offerings. Without sacrificial time commitments, We, the Members, can be doing more to advance our profession in this state.

**An annual schedule of helpful events:** In the next month, we will be sharing a 2025-26 schedule of events. There is a lot happening in the world of grants in Nebraska, and we need to be connecting regularly in different formats to make sure we are protecting our interests as Grant Professionals in ways that our collective and individual benefits. Our schedule will feature several events in both virtual and in-person settings to foster productive, local discourse about the most pressing issues in our field.

**Timely and clear public communication:** Continuing the lessons of my work as communications chair, I will uphold customs established by preceding Board Members with timely, clear public communication about chapter events and other business. This shall be done through my direct work as well as clear and delegation to other Board Members.

**Increased public dialogue about the essence of grantwriting in Nebraska in the 2020s:** I really do believe we are living through an exciting era as Nebraska Grant Professionals. We are here to support and learn from each other, share knowledge, and build up the profile of this rewarding, ever-evolving profession. Heck, we might even inspire greater academic study of this work, greater value and understanding in the marketplace, and greater awareness among young people as they intentionally pursue grant work as a first, chosen career - not just something one "falls into."

**Statewide engagement:** I will work to ensure that this Chapter serves the entire state— and Southwest Iowa. While our Board Leadership is composed of Omaha-based professionals, our friends in Lincoln, Grand Island, Southwest Iowa, and Greater Nebraska need more invitations to join the conversations. Our chapter covers a large territory and we need to hear from everyone.
